

**VILLAGE OF CORINTH
244 MAIN STREET
CORINTH, NEW YORK 12822**

A building permit shall be effective to authorize the commencing of work for a period of six (6) months after the date of its issuance. For good cause the Building Inspector may allow a maximum of two (2) extensions for periods not exceeding three (3) months each. All work shall conform to the approved application, plans and specifications and shall be in accordance with all applicable building laws, ordinances, rules and regulations.

Building Permits shall be prominently displayed on the job site at all times during the progress of the work so as to be readily seen from adjacent thoroughfares.

In order to maintain an adequate inspection schedule, please notify the Building Inspector at least 24 hours in advance of each of the following construction stages as indicated:

- 1. Footing before pouring concrete
- 2. Foundation before backfill
- 3. Framing before enclosing
- 4. Insulation before enclosing
- 5. Plumbing before enclosing
- 6. Heating, Ventilation, Air Conditioning before enclosing
- 7. Electrical Inspection Certificate
- 8. Final Completion

It is anticipated that inspections for Stages 3, 4, 5, and 6 may be combined.

INSTRUCTIONS

- a. This application must be completely filled in by typewriter or in ink and submitted in duplicate to the Building Inspector.
- b. Plot plan showing location of lot and of buildings on premises, relationship to adjoining premises or public streets or areas, and giving a detailed description of layout of property must be drawn on the diagram which is part of this application.
- c. This application must be accompanied by two (2) complete sets of plans showing proposed construction and two (2) complete sets of specifications. Plans and specifications shall describe the nature of the work to be performed, the materials and equipment to be used and installed and details of structural, mechanical, electrical and plumbing installations.
- d. The work covered by this application may not be commenced before the Issuance of Building Permit.
- e. Upon approval of this application, the Building Department will issue a Building Permit to the applicant together with approved, duplicate set of plans and specifications. Such permit and approved plans and specifications shall be kept on the premises available for inspection throughout the progress of work.
- f. No building shall be occupied or used in whole or in part for any purpose whatever until an application is made for and a Certificate of Occupancy shall have been granted by the Building Department.
